Arts and Crafts in Basketry

We have just received our new spring line of Hawkeye Baskets. These baskets are made by expert craftsmen, some of whom have spent their entire lives in perfecting themselves in the art of basket weaving. The workmanship is not only the best that can be produced, but the materials are of the highest quality that can be had anywhere. In addition to the odd and quaint constructions one of the chief charms of our baskets lies in the artistic colorings. The soft, subdued craftsman colors, blend readily with almost any surroundings.

M'KINLEY PLEASED WITH OUTLOOK

Director of Taft Campaign Says President is Sure to be Nominated on First Ballot—Already Has More Than Half Delegates Required.

Chicago, April 1.—(Special)—Enthusiastic over the situation, Congressman McKimley, director of the Taft campaign, who spent the day in Chicago yesterday with Illinois leaders, stated that President Taft would be nominated on the first ballot. His confidence has been strengthened by late reports and he is more than pleased with conditions in Illinois. Mr. McKimley left last night for Decatur and today will make a number of speeches in his congressional district, the nineteenth.

"The nomination of President Taft is absolutely certain," said Mr. McKimley. "Right now he has more than half the number of delegates required and he will receive the nomination on the first ballot. These delegates, pledged or instructed, have been selected from New York, Iowa, Indiana, Michigan, Missouri, Colorado, New Mexico and the southern states, over half of them being elected under primary laws."

"The Roosevelt movement is daily losing ground. This is shown by the significant fact that Col. Roosevelt was defeated in the New York primaries by a popular vote of three to one, resulting in the selection of eighty-three delegates to the national convention for the president to several for Roosevelt."

"The result in Roosevelt's own state shows the feeling in the east. The president now has a total of two hundred and seventy-five delegates as opposed to Col. Roosevelt's 30. He is sure to carry Pennsylvania, New Jersey, the New England states, Ohio, the mountain and Pacific coast states. He will have a majority from Minnesota, South Dakota, West Virginia, Kansas and Nebraska."

"In view of the undeniable fact that the states will give many more than the required number of delegates to nominate on the first ballot continued opposition to President Taft is only giving aid and comfort to the common enemy of all Republicans, the Democrats. The people haven't forgotten the splendid record of President Taft in his conscientious work for the good of the country. As to Canadian re-election, President Taft and Col. Roosevelt are in the same boat, Col. Roosevelt having strongly endorsed it in his speeches. Col. Roosevelt is already defeated and further opposition to the renomination of President Taft is merely helping the enemy."

A Cold, LaGrippe, Then Pneumonia. Is too often the fatal sequence and coughs that hang on weaken the system and lower the vital resistance. Foley's Honey and Tar Compound is a reliable medicine that stops the cough promptly by healing the cause; soothes the inflamed air passages and checks the cold. Keep always on hand. Refuse substitutes. J. A. Obermeyer, City Drug Store.

MISS SCOTT TO WED

Daughter of Mr. J. Z. Scott to Become Bride of Harold Huxtable of Normal on Thursday.

Friends of Miss Frances Scott will be interested to learn that she is to wed Mr. Harold Huxtable of Normal, Ill., next Thursday, the ceremony to take place at the home of the bride's father, Mr. J. Z. Scott, who resides west of the city.

The marriage will be performed by Dr. J. R. Harker, president of the Woman's college and a reception will follow the ceremony, tendered the bride and groom by Mrs. Harker.

Miss Scott is one of the talented and popular young women of this community. She graduated from the Woman's college with the class of 1906 and since that time she has been residing at home.

Mr. Huxtable is a graduate of the Normal university with the class of 1906. During the fall of 1909 he taught manual training in the schools of Racine, Wis., since which time he has been in similar position in the schools of Cleveland, Ohio. He is the son of Mrs. George Champion of Normal. Mr. and Mrs. Huxtable will reside in Cleveland.

MISS KITTS HAS A RECORD.

She is Only Twelve, but Has Traveled More Than 46,000 Miles.

The United States army can now probably claim the world's juvenile traveling record by virtue of the globe trotting of Miss Julia D. Kitts, daughter of Lieutenant William D. Kitts, Twenty-first United States Infantry.

Incidentally, her record shows a strong light upon the maturation of the army officer and the frequent recurrence of "moving day," says the Army and Navy Journal.

The child was born at Fort Lincoln, N. D., April 29, 1904, and was the first baby born at that post. Within three weeks she had traveled 452 miles; within two months 1,250 miles; within six months, 3,750 miles; and within one year, 13,300 miles. In this short time the baby had traveled from North Dakota to Minnesota, to the Atlantic coast, to San Francisco, and thence across the Pacific to the Philippines.

It took her only two years more to add 17,000 miles to her record, making the total distance covered in three years 32,300 miles, or an average of more than 10,000 miles a year. She was kept on going, and at present has more than 46,000 miles to her credit. This youthful tourist, who could put to shame Phineas Fogg, Jules Verne's traveling hero, has nearly completed her second tour of foreign service with the regiment.

IS MAKING AGGRESSIVE CAMPAIGN.

Andrew Russell, candidate for the Republican nomination for state treasurer, is making a very aggressive campaign. He has visited many of the counties of the state and his friends have gone to others and from all quarters come reports favorable to his candidacy. Mr. Russell is seeking the treasurership on the basis of his record when he held the office for two years and upon his fitness. Thirty-eight years of banking experience has certainly qualified Mr. Russell for the post and his character and reputation are such as to give the people full confidence in him. When he held the office two years ago he inaugurated the best kind of civil service by retaining all employees who merited retention and in all details conducted the office in the manner best calculated to give Illinois honest and efficient service.

MATRIMONIAL RECORD

Preston-Livesey.

Mr. and Mrs. Charles Seymour have received announcement of the marriage of Mr. Elmer Preston and Miss Letitia Livesey in Santa Anna, Calif., on Wednesday, March 27. Mr. Preston is a son of Mr. and Mrs. Joseph Preston and formerly resided in this city, where he has many friends who will extend heartfelt congratulations.

Chapple-Sallee.

Herman W. Chapple and Miss Eva Sallee, both of this city, were united in marriage at 9 o'clock Monday morning by Squire W. T. Dyer, at his office on West State street. The groom is employed at Cherry's barn. The young people will reside in this city.

CONFESSED TO MURDER.

Man Under Arrest Claims to Have Killed Indianapolis Woman.

Portsmouth, N. H., April 1.—Seth Nicols, a sailor who was arrested here Saturday on a charge of holding up a bartender to get a drink, has confessed, the police say, to the murder of Dr. Helen Knabe at Indianapolis some months ago. Nicols says he did the deed at the instigation of another, whose name he declines to give, and claims that he was paid \$1,200 to do it, according to the police story.

Nicols is a sailor, 22 years old, and has been in Portsmouth on several occasions, the last time being a short time before the mysterious murder at Indianapolis. He came here again last week to visit friends.

FIRE DESTROYED STORE.

Cully Grocery Was Burned at Early Morning Hour.

At an early hour Monday morning the Cully grocery store and stock were completely destroyed by fire and water. The first department was called and responded promptly. The fire ladders immediately set to work to save the building but to no avail. There is an oil shed in the rear of the building and great efforts were concentrated on that portion of the building. The entire roof and back shed were destroyed and the stock that was in the store was damaged by the water. The building is long-

SPRING DRESS

A S THE buds are swelling on the trees, soon to burst forth in foliage and spread their effulgence o'er all the land, so is this store filled, as it were, to the bursting point with crisp new merchandise, to prepare you for the arrival of spring. Again we demonstrate that oft repeated phrase—that no where else in Jacksonville can you find such a choice collection of materials as here. Each season brings forth new ideas in both fabrics and the manner of designing, and each season we are the first to show them. In selecting dress material from our stock it is not a matter of "finding something you like" but of satisfying your individual preference from amongst a great host of acceptable styles. We await the pleasure of your call. Anything you want in the dry goods line is here, but we call your special attention to our Wash Goods, White Goods and Ginghams.

Our White Goods line consists of Flaxons, Sherrettes, Voiles, Marquisesettes, Bengaline, Soisette, Poplin, Pongee, Percales. Linen Dunbar Suitings, Auto Cloth, Dress Linen, Paris Crepes and Plisse Crepes. In the Wash Goods you will find Holly Batiste, Printed Imperial Batiste, Sherretter, Claremont Batiste, Poplins, Mercerized Plisse, Nearsilk Foulard, Embroidered Cliffra, Vaca Silk, Mulls, Silk Stripe Voiles, Silk Pongees and Chiffon Lisse, truly a choice collection.

WEDDING GIFTS LONG TRIP.
Lincoln, April 1.—What is perhaps the most widely traveled wedding gift in the world arrived here when, after having crossed the Pacific ocean three times, a package destined for Mrs. Mary B. Harts of Ardmore, Okla., a June bride of last year, was received by her mother in this city. It had been misdirected.

The gift, sent by Mrs. Leade Berts, a Presbyterian missionary at Hunan, China, was sent on the last day of its 29,000 mile journey. Once Postmarks and customs house labels made the address almost unrecognizable.

QUICK RELIEF FOR RHEUMATISM
George W. Koons, Lawton, Mich., says: "Dr. Deitchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift head or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast. Sold by L. P. Alcott, druggist."

SUNDAY AT GRACE CHURCH.
Sunday was one of interest at Grace M. E. The Sunday school showed increased attendance and interest. A splendid audience greeted the pastor at the morning worship. The class of new members received almost filled the chancel, numbering 40. Three accessions came by letter yesterday. The junior league had an attendance of 60. Announcements for the week contained the notice of the meeting of the Pastor's Aid society at 2:30 Tuesday. Miss Ruby Neville will give an illustrated address on "A Camping Trip Through Palestine" on Friday night. Admission, adults 25 cents; children 10 cents. The league and evening services were fine services. It was an all round day of interest in church work.

Mrs. Mattie Litter Lillard who has been spending the past winter visiting at the home of her cousin, Mrs. Joseph Capps and other relatives, departed for St. Louis Sunday where she will spend a short time, and then go to Blackburn, Mo., and little later on she expects to go to Oklahoma City to be with her daughter.

Mr. and Mrs. Hawes Yates and Miss Beavus returned home yesterday from the south, where they have been for a number of weeks. They spent nearly all of the time at Orlando, Fla., and enjoyed their stay in the south greatly, although Mr. Yates had the misfortune to be sick quite a large part of the time. Mr. Yates said the weather was somewhat cold and disagreeable early in January but for the most part it was warm and pleasant.

N. P. Edwards and mother of Murrayville precinct wanted to visit the city Monday and Mr. Edwards hitched up to the light wagon and started for the station but the mud caused the team to break a doubletree and made the driver any amount of trouble but he managed to get to the city with his mother.

Don't Believe Story.
Indianapolis, Ind., April 1.—Police officials and detectives who have been working to solve the mystery surrounding the death of Dr. Helene Knabe, since October 24, 1911, the day her body was found in her apartment with her throat slashed, do not give much credence to the story told by Seth Nicols, under arrest at Portsmouth, N. H. It is believed, however, they know more facts than they care to give out.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. In germ cases baldness, Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germ, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbrey's Herpicide.

ILLINOIS NEW PRIMARY ACT

Text of Measure Which Provides For Preferential Vote on Presidency

The full text of the preferential primary act passed by the Illinois legislature in special session Saturday is as follows. The secretary of state is required to certify to county clerks five days prior to the election the names of candidates for the presidency:

Section 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly: That sections 29, 31, and 56 of an Act entitled, "An Act to provide for the holding of primary elections by political parties," approved March 9, 1910, in force July 1, 1910, be amended to read as follows:

Sec. 29. Any candidate for President of the United States or United States Senator may have his name printed upon the primary ballot of his political party by filing in the office of the Secretary of State, not less than thirty (30) days prior to the date of the April primary, in any year, a petition signed by not less than three thousand (3,000) primary electors, nor more than five thousand (5,000) members of and affiliated with the party of which he is a candidate, and no candidate for President of the United States or for United States Senator who fails to comply with the provisions of this Act shall have his name printed upon any primary ballot. Provided, that the vote upon the candidate for United States Senator shall be had for the sole purpose of ascertaining the sentiment of the voters of the respective parties in the state as a whole and not by Senatorial districts; and provided, further, that the vote for President of the United States as herein provided for, shall be for the sole purpose of securing an expression of the sentiment and will of the party voters with respect to candidates for nomination for said office, and the vote of the State at large shall be taken and considered as advisory to the delegates and alternates at large to the national conventions of the respective political parties; and the vote of the respective congressional districts shall be taken and considered as advisory to the delegates and alternates of said congressional districts to the National Conventions of the respective political parties.

And provided, further, that in the primary election for President of the United States to be held in the year 1912, the petition for any candidate for President of the United States shall be filed not less than six (6) days prior to the date of the April primary, 1912, and said petition in the year 1912 shall be signed by not less than fifteen hundred (1,500) duly qualified primary electors, members of and affiliated with the political party of which he is a candidate for such nomination.

Sec. 31. Not less than twenty (20) days prior to the date of the primary, the Secretary of State shall certify to the County Clerk of each county the names of all candidates for President of the United States, for United States Senator and of all candidates for members of the State Central Committee and of all candidates for nomination for all offices, as specified in the petition for nominations on file in his office, which are to be voted for in such county, stating in such certificates the political affiliation of each candidate for nomination, or committeeman, as specified in said petition.

The secretary of state shall, in his certificate to the county clerk, certify to said county clerk the names of the offices and the names of the candidates in the order in which said offices and said names shall appear upon the primary ballot, said names to appear in the order in which petition shall have been filed in his office: Provided, however, that in the year 1912 the secretary of state shall certify to the county clerk of each county the names of all candidates for President of the United States to be nominated in the year 1912, not less than five (5) days prior to the date of the primary, and provided, further, that in the year 1912 the names of candidates for each political party for President of the United States shall be printed upon a separate ballot, and distinct from all other ballots.

Sec. 56. As soon as complete returns are delivered to the proper clerk, the returns shall be canvassed as follows:

1. In the case of the nomination of candidates for city offices, by the mayor, the city attorney and the city clerk;

2. In the case of the nomination of candidates for village offices, by the president of the board of trustees, one member of the board of trustees and the village clerk;

3. The officers who are charged by law with the duty of canvassing returns of general elections made to the county clerk, shall also open and canvass the returns of a primary made to such county clerk. Upon the completion of the canvass the returns by the county canvassing board, said canvassing board shall make tabulated statement of the returns for each political party separately, stating in appropriate columns and under proper headings, the total number of votes cast in said county for each candidate for nomination by said party, including candidates for President of the United States, candidates for United States Senator and the state central committee.

Within two (2) days after the completion of said canvass by said canvassing board the county clerk shall file to the secretary of state a certified copy of such tabulated statement of returns: Provided, however, that the number of votes cast for the nomination for officers, the certificate of election for which offices, upon the general election laws, are issued by the county clerk, shall not be included in such certified copy of said tabulated statement of returns.

4. In the case of the nomination of candidates for offices, including President of the United States, United States Senator, state central committee, certain tabulated statement of returns for which are filed with the secretary of state, said returns shall be canvassed by the governor, secretary of state and state treasurer; and provided, further, that within five (5) days after said returns shall be canvassed by the state primary canvassing board, the secretary of state shall cause to be published in one daily newspaper of general circulation at the seat of the state government in Springfield a certified statement of the returns filed in his office showing the total vote cast in the state for each candidate of each political party for President of the United States.

And showing the total vote for each candidate of each political party for President of the United States, cast in each of the several congressional districts in the state.

5. Where, in cities or villages which have a board of election commissioners, the returns of a primary are made to such board of election commissioners, said returns shall be canvassed by such board, and, excepting in the case of the nomination of candidates for any city or town office in such city, tabulated statements of the returns of such primary shall be made to the county clerk.

Sec. 2. Whereas, an emergency exists; therefore, this Act shall be in full force and effect from and after the day of its passage.

ment of returns for which are filed with the secretary of state, said returns shall be canvassed by the governor, secretary of state and state treasurer; and provided, further, that within five (5) days after said returns shall be canvassed by the state primary canvassing board, the secretary of state shall cause to be published in one daily newspaper of general circulation at the seat of the state government in Springfield a certified statement of the returns filed in his office showing the total vote cast in the state for each candidate of each political party for President of the United States.

WHY HE WAS LATE.

"What made you so late?"

"I met Smithson."

"Well, that is no reason why you should be an hour late getting home to supper."

"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."

"Did you tell him to take Chamberlain's Tablets?"

"Sure, that is what he needs."

A REMINISCENCE.

Thirty-five years ago Monday William Robinson moved into his home on North Main street. He had three sturdy boys and some daughters and all have done honor to the memory of their parents. The oldest son is a highly valued bridge engineer in the employ of the Santa Fe railroad and travels much over that great system. The other two sons, Marcus and Asa, learned the trade of bricklaying and plastering from their father and for several years carried on a successful business and all who employed them knew they needn't be worried. Jacksonville never had a citizen more respected than William Robinson. In the Congregational church he was elected deacon, the highest honor that could be paid him, and he was very regular in his attendance at Sunday school, prayer meeting and church and many times his pastor, Dr. Post, mentioned the great esteem in which the good deacon was held.

In Masonic circles he too, was honored and in many ways his worth was recognized. A good many years ago death claimed the one who had walked with him from his early manhood, so Asa and wife went to the parental residence and made a good home for "Grandpa" and the tender affection which existed between him and the children was beautiful.

One morning the Grand Master of the universe summoned him from labor here on earth to refreshment in the everlasting paradise above and his children may say with no little pride that he was their father.

Marcus took one of earth's fair ones for his life's partner and has a lovely home on South Diamond street, while Asa still occupies the family nest on North Main street.

RECALLS THRILLS OF YEARS AGO.

Taylor Henderson, a well known citizen of Jacksonville, was telling some thrilling experience he had endured during his life in a time of high water and later a cyclone.

Some very heavy rains had fallen in the north part of the county and with some young friends he had taken a swim in the high streams. He was near a bridge on which his companions had landed and when he tried it he was caught in a cross current and after repeated efforts to get out was carried under. He said, in an instant his whole life passed before him as he went down and it felt as if he would never see land again, but he managed to swim under water beyond the cross currents and come up among some willows and get to shore.

He was at the Litchberry family home during the fearful cyclone of 1883 and when it was over and he lay under ten feet of rubbish, he was unable to tell whether he was dead or alive and thought if he had been killed he surely was in the other world. For a time he was so dazed he hardly knew what to think, but finally he regained his senses, and was rescued.

THE ONLY WAY.

Many Jacksonville citizens have discovered it.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys. Doan's Kidney Pills owe their world-wide fame to the fact that they have cured thousands of cases of sick kidneys and cured them permanently. Follow the example of this Jacksonville citizen.

J. M. McCullough, 211½ East State street, Jacksonville, Ill., says: "I have taken Doan's Kidney Pills and consider them to be a good kidney remedy. When I feel in need of a kidney tonic, I procure Doan's Kidney Pills at Armstrong's drug store and they always benefit me."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

For the Children

Story of a Pussy Cat That Liked to Fish.

Izaak is a striped cat, and his little mistress likes him better than all her other pets. She is proud of him because he can do what other cats will never try to do.

Every child should know that cats usually hate water and are fussy about getting their feet or their fur wet. Well, when Izaak, all cuddled up in a new basket, came to the little girl on her birthday she screamed for joy. She tied a blue ribbon around his neck and named him Angel, because he was so pretty. One day while she was eating her dinner she heard a queer noise on the porch, and when she ran out what do you think she saw? Little Angel was walking about in an old tin bathtub that had a lot of small minnows darting here and there in the water.

Soon they found out that Angel liked to play in water and would even roll about in all the pools and puddles he could find. The little girl cried at first. She was ashamed of such a dirty cat, for his neck ribbons were always wet and his fur sticky. But her big brother said: "Why, this cat is a regular wonder. He is the only fishing cat I ever saw. You ought to change his name to Izaak, after the finest old fisherman in the world, old Izaak Walton, whom everybody respects."

So the little girl dried her eyes and began to feel quite proud of her fisherman cat.

Interesting Riddles.

What goes all the way to Milwaukee from New York without moving? The railroad tracks.

What is that which works when it plays and plays when it works? A fountain.

What will turn without moving? Milk.

Why is the letter "k" like flour? You cannot make cake without it.

If there were five birds in a tree and a hunter killed two of them and they fell down, how many would be left in the tree? None—the rest flew away.

What is the difference between a bad boy and a postage stamp? One you lick with a stick and the other you stick with a lick.

Why is the letter "r" the most peaceful letter in the alphabet? Because it changes a fiend into a friend.

What is the difference between a man going upstairs and a man looking upstairs? One steps upstairs and the other stares up steps.

Why did the razorbill raise her bill? To let the sea urchin see her chin—New York World.

Continued Stories.

The leader who presides at this game should have a little desk bell and a handkerchief or a ball. To begin the fun he taps the bell and then tosses a handkerchief to some other member of the circle. This person must catch the handkerchief and promptly begin an original story, which may consist of any nonsensical rambling narrative that the inspiration of the moment suggests. At the expiration of a few minutes the bell rings again, and the leader (to whom the handkerchief has meanwhile been returned) tosses it to another player, who must take up the story at the point where it left off, and continue it still further. Again the bell rings and again the handkerchief is thrown until all the players have related a bit of the continued story, and usually until some narrator has brought it to something which will pass for a conclusion. All those who cannot continue the narrative when their turn comes must pay forfeits.

Boston—A Game.

This is an amusing parlor game, or it may be played out of doors. Chairs are placed in a circle or in two lines facing about seven or eight feet apart. The players are all numbered, from one up. If there are boys and girls in the game the boys have the odd and the girls the even numbers. One player stands in the center blindfolded and calls out two numbers, an odd and an even.

The players numbered must try to change seats without being caught by the "it." If one is caught he becomes "it." Occasionally the "it" calls out "Boston," and then every player must change with the one next to him.

When "it" calls out "Boston," catch one of the players.

EPILEPTIC PRAISES "UNITED" TREATMENT

Says It Has Greatly Benefited Him in a Comparatively Short Time.

Merritt A. Sherman of 605 Chicago street, Logansport, Ind., is another of the many epileptic patients who has nothing but the strongest praise for the treatment of the United Doctors, those expert medical specialists who have their Jacksonville Institute located on the second floor of the Farrell Bank building. In writing about what this new "United" system of treatment has done for him, Mr. Sherman says: "To Whom It May Concern: I wish to state that I have been taking treatment of the United Doctors for epilepsy, and up to this time have received more benefit from them than from any previous treatment I have ever used."

"I have been afflicted with this disease since I was four years of age and have tried treatments of doctors all over the country, but this is the first treatment that has given me decided benefit. For a week or so I seemed to be worse and was very discouraged, but since that time improvement has been continual and gradual, and I at once began to gain flesh."

"When I say that I had gotten so I continually kept a bottle of morphine tablets in my room and took them as needed to control spasms, any one can understand how grateful I feel to the United Doctors for relieving me of this awful condition and saving me from becoming a morphine fiend."

"The United Doctors have done more for me than they promised and I cannot thank them enough. I will be glad to answer all inquiries either written or verbal, as to my past and present condition. Any one can find me at 605 Chicago street, Logansport, Ind."

"Merritt A. Sherman." The United Doctors' Jacksonville Institute is open on each second Friday and Saturday. The next date upon which it will be open is Friday and Saturday, April 5th and 6th. Examination is free to all on these two days.

TAFT'S RECORD AGAINST TRUSTS

Sherman Law Enforced Without
Fear or Favor.

EXCELS HIS PREDECESSORS.

Both In Civil and Criminal Prosecu-
tion Taft Administration Breaks All
Records—Legal Accomplishments of
Five Presidents Compared.

TAFT'S ANTI-TRUST RECORD.

Under the last five administra-
tions prosecutions under the
Sherman anti-trust law have
been brought as follows:

	Crim- inal suits.	Civil suits.	Total.
Under Harrison (three years).....	4	3	7
Under Cleveland (four years).....	5	2	7
Under McKinley (four and one- half years).....	Three bills in equity.		
Under Roosevelt (seven and one- half years).....	18	25	44*
Under Taft (two years and eleven months).....	22	40	62

*One property seizure.
The ratio of prosecutions, al-
lowing for length of time in of-
fice, of the Taft administration
as compared with the records of
its four immediate predecessors
is approximately as follows:

Taft over Harrison.....	9 to 1
Taft over Cleveland.....	12 to 1
Taft over McKinley.....	30 to 1
Taft over Roosevelt.....	4 to 1

President Taft's administration has
broken all records for prosecutions
brought and won under the Sherman
anti-trust law. Without fear or favor
it has brought to the bar of justice cor-
porations and persons engaging in il-
legal combinations in restraint of trade,
the ultimate purpose of each combina-
tion being to create a monopoly and to
raise the prices on its products. In
two years and eleven months of his
administration President Taft has
caused to be brought four more civil
suits and fifteen more criminal prose-
cutions than Mr. Roosevelt brought in
the seven and one-half years of his ad-
ministration.

Until Mr. Taft became the president
the administration of Mr. Roosevelt
held the record in both particulars.
Thus has President Taft, who was Mr.
Roosevelt's right arm during his last
administration, kept his pledge to the
American people to uphold and main-
tain the policies of his predecessors in
punishing the criminals and under-
mining the element in the big business of the
country.

In the Republican national platform
of 1908 reference was made to the
prosecution of evil trusts and monop-
olies as one of the great accomplish-
ments of the Roosevelt administration,
and the platform declared that the
Sherman anti-trust law had been a
wholesome instrument for good in the
hands of a wise and fearless executive.
In his speech of acceptance Mr. Taft
pledged himself to the enforcement of
this law and has kept his promise.

Problems Confronting Taft.
Stripped of controversy as to the
exact meaning of certain language of
the Sherman anti-trust act, the ques-
tions that had to be determined by
those in administrative authority and
those who judicially determine their
acts were, first, how effective the law
was to reach the great aggregations
of formerly competitive producers and
dealers, individual and corporate, who,
through intercorporate stockholding
mergers, consolidations and otherwise,
had acquired so great a control over
a particular line of industry as to en-
able them to dominate it and to ex-
clude or admit competition as they
might choose upon their own terms.

Secondly, to determine whether that
construction of the law was correct
which had been given to it by some of
the judges of the circuit court in New
York in the tobacco case and in the
opinions of some of the justices of the
supreme court in other cases to the
effect that any combination which in
any respect operated to restrain to any
degree a pre-existing competition in
interstate commerce was necessarily
condemned by law.

In the three years of the Taft ad-
ministration all of the sixteen cases
left pending by the previous adminis-
tration have been disposed of except
two, which have been argued and sub-
mitted to the supreme court of the
United States and are now awaiting
decision. Of the remaining cases the
Standard Oil case was argued early
during the present administration and,
after an appeal, decided entirely in
favor of the government. The same
was also true of the tobacco cases,
with the ultimate result of the dis-
integration of that big trust into four-
teen separate and distinct corpora-
tions. This, it is believed, will effec-
tively prevent a continuance of the
monopolistic conditions complained of.

Taft Anti-trust Record.
During the Taft administration up to
February, 1912, twenty-two civil suits
have been brought and forty criminal
indictments found under the Sherman
law, making in all sixty-two proceed-
ings. As a result there were fifteen
indictments, and eleven of these in-

Extension of principle of arbitration.

Citizenship for Porto Ricans.

Involved eighty or more defendants.
Eight out of twelve defendants were
convicted on one indictment after trial
by jury and their conviction confirmed
by the court of appeals, and thirteen
criminal prosecutions are pending.

A brief review of the cases brought
under the anti-trust law during the ad-
ministration demonstrates clearly its
value to the American people in their
protection of that equality of opportu-
nity which is declared by the platform
of the Republican party to be the right
of every citizen.

Reference to a few of the anti-trust
cases brought by the Taft administra-
tion gives an excellent idea of the hard-
ships some of these illegal combina-
tions entail upon consumers. In the
prosecution of a case against a number
of individuals who attempted to corner
all the free cotton remaining of the
crop of 1903 it resulted in a raise in
the price of that commodity to the
splinter, prevented some from making
any purchases and was therefore re-
straining interstate commerce.

In like manner the government took
cognizance of the pooling in the wire
industry, with the result that nine in-
dictments were found in New York
against eighty-three persons engaged
in that business. It was an illegal re-
straint of trade, and when the court
proceedings had been finished the
various defendants were fined in amounts
averaging \$1,000 each, with the excep-
tion of the supervisor of the pool, who
was fined \$45,000.

One of the most outrageous cases of
combination in restraint of trade and
a notable violation of the Sherman law
was that of the hand blown window
glass industry. Practically all of the
manufacturers (eighty-three in num-
ber) formed a company which controlled
the entire output of hand blown
glass. As a result the price was ad-
vanced 100 per cent within less than a
year. The indictment of this men re-
sponsible, the imposition of fines and
the restoration of the business upon its
former times were followed by a sub-
stantial reduction in the price of hand
blown glass.

The federal government is prosecut-
ing suits against the beef trust and the
lumber trust with every promise of
victory.

No Brass Band.

Brass bands and megaphones have
not been needed to herald the accom-
plishments of the administration of
President Taft. All of the great
achievements for which the president
is directly responsible have been ac-
complished quietly and without the
slightest semblance of noise or bluster.
The voters of the country planned
their faith in President Taft
policies in 1908 and they are

Deserves Another Term.

Representative J. Hampton Moore,
who is well known in many different
sections of the country on account of
his active interest in waterway im-
provements, in discussing the adminis-
tration of President Taft has this to
say:

"President Taft ought to be renom-
inated and elected because he stands
for stability. He should be nominated
because it has been generally conceded
by Republicans since the first day he
entered the office that the same treat-
ment would be accorded him with re-
spect to a second term that is usually
accorded to Republican presidents who
have done well. There is no good
party excuse for not nominating him.
He should be elected because, while
not a political president in the sense
that he has played politics to the satis-
faction of all elements of his party, he
has in fact been a broad gauge pres-
ident, conservative in all matters af-
fecting the dignity of the office and the
obligations assumed by him to sustain
and uphold the constitution and the
laws of this country."

Taft's Efforts For Peace.

Honesty of intention, stability of
purpose and a firm faith in the prin-
ciples of the party of Lincoln, Grant
and McKinley are some of the charac-
teristics of President Taft. Familiar
with the horrors of war, as well as
the enormous expense that it always
entails, independent of the vast ex-
penditures required to keep a great
nation upon a constant war footing,
the president has persistently sought
to promote a worldwide peace of na-
tions by international agreement. Any
failure of accomplishment in further-
ing this worthy cause cannot be charg-
ed to the president.

Be sure the Karo Label is on
every can of Syrup You buy

It is the safe way to
guard against many
inferior substitutes.

There is no other syrup as
good as Karo. Its quality has
never been equalled. Its flavor
is richer—its food value higher
than any imitation that is offered you.

It is the only syrup known and
asked for by name by people all over
the country.

Karo comes in full net weight
cans with the quantity marked plainly
on the label. It gives you full
money's worth in every can.

It is the best of syrup—most eco-
nomical of foods.

In proportion to cost, Karo gives you
more than three and four times the
energy of butter, milk, eggs or beef.

It is especially wholesome and nour-
ishing—easily digested and agrees with
the most delicate stomachs.

Karo is made from one of the most
nutritious parts of the hard, ripe ker-
nels of Indian corn. Its purity is care-
fully safeguarded. Turned into deli-
cious syrup by special process—in
closed receptacles—untouched by
human hands. Packed in air-tight
cans.

Karo is as delicious as honey—as
wholesome as butter—yet costs you
much less than either.

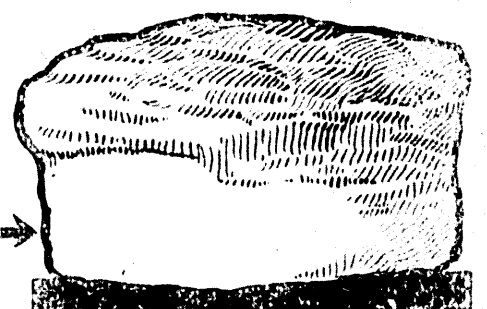

Wherever sweetening is needed in
cooking you'll find Karo an improve-
ment.

Why not try Karo to-day? Your
grocer has two kinds—Karo Crystal
White, Karo Cane Flavor. You can
readily tell the Karo label
on the sealed cans.

ANSWER

One—the flat, sad, sickly looking one—was baked with poor baking powder,
possibly the high-priced kind—possibly the cheap, big can kind. It showed a
lack of leavening gas, or an uneven distribution of same—or both. The other—the
large, light, fluffy one—was prepared with Calumet Baking Powder, and it is the
never-failing, delicious baking that always results from its use.

Calumet does not cost as much as the high price baking powder, but it is worth every
penny in every way—it is purer—more reliable—more healthful. Here are the reasons:

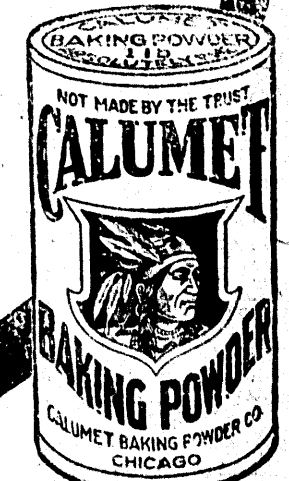

All baking powders undergo a chemical change in the process of baking. You do not take
it into the stomach in the same form as it is in the can. For example: When you use Cream
of Tartar Baking Powder in your food, because the Cream of Tartar
during this reaction turns into Rochelle Salts. This, as you know, is a drug, and should be
taken only under doctor's orders.

Calumet is so carefully and scientifically prepared that the neutralization of the ingredients
is absolutely perfect.

That it is absolutely pure and of highest quality is proven by the fact that

For many years piano manufacturers and dealers have tried to reduce the selling expense of pianos, the expense of paying solicitors, paying music teachers commissions and engaging great artists to play their pianos at fabulous sums are being eliminated, and now it is the age of the best advertised piano, and one in which the purchasers are given the greatest possible value. This is the age of cooperation and the manufacturers believe that the best way to market and introduce their product is to spend the advertising money in making special offers to the people rather than in employing world-famous demonstrators at fabulous expense and making the people pay for such methods by asking a heavy price for the piano.

PARTY AT LITERBERRY.

Clio Circle Entertains at Home of Miss May Martin.

The Clio Circle of the Christian church at Literberry entertained recently at the home of Miss May Martin in honor of the Tri Nu class, which is an organization of young men. The muddy condition of the roads made travel very bad, but the hoseback method was resorted to and about thirty young people succeeded in arriving at the Martin home. The company was first served an elegant dinner, consisting of a number of courses of the best things to eat, prepared in the very best way. The dining room was attractively decorated in red and green and the place hrdupupu were hand painted, were in gold and white, the Clio colors. Following the dinner, the young men were called upon for toasts and responded to various themes. The remainder of the evening was devoted to two contests, the first being a "bachelor button contest," in which Orville Crum showed the greatest proficiency and was awarded the prize. Aaron Petefish was given a prize for making the neatest button hole and Orville Petefish won the booby prize in this contest. Before the company dispersed, Miss Grace Myers took a flash light picture. In every way the evening was one of great pleasure.

The funeral of **Rev. Hy S. Allen** was held at 2 o'clock Sunday afternoon from the residence, 808 South Main street, and was conducted by Rev. Hy S. Allen, pastor of Brooklyn M. E. church. The service was composed of Mrs. Hy Allen, Mrs. Orin H. Cook, Rev. Mr. Alkire and F. W. Rucker sang "Rock of Ages," "Looking This Way" and "Jesus Lover of My Soul." There were many beautiful flowers, which were kindly cared for by Misses Mabel Berry, Cloy Stice, Leah Killian and Mayme Berry.

Interment was in Diamond Grove cemetery and the bearers were Harvey Long, James Stout, George Stout and John T. Sample.

HELD OPEN MEETING

Phi Nu Society of Woman's College Presents Program of Unusual Merit.

Members of Phi Nu society of the Illinois Woman's college held their open meeting Monday night in Music hall, which was attended by a large audience. Phi Nu has been heard in some splendid programs in the past, but the one last night had such a touch of merit that it will easily go down in the annals of the organization as one of the very best.

The musical numbers were a special feature and the audience was won from the very first by the rendition of the Triple Trio selections "Stars of a Summer Night" and "Bedtime Song." Miss Jessie Mercer, in her three solos, was given a wide range to display her beautiful voice, which she did to a satisfying manner. Miss Mildred Weaver fairly captivated her audience by the ability she displayed in her violin solo.

Miss Cecil Cathcart proved herself an orator of no mean ability and Miss Helen Moore gave a clever interpretation of several of Van Dyke's poems. The "Awakening of the Dragon" by Fernie Reid evoked much appreciation from the audience and the "Illustrated Poem" by Feril Hess was an exceedingly interesting number. Perhaps in no former year has so many underclass girls taken part in the program, which shows some of the newer students have taken right a hold of the society work and won for themselves a place on the "open meeting" night. The singing of the Phi Nu song closed the exercises.

The program was in charge of the president, Miss Annette Rearick and the recording secretary, Geraldine Fouché, as follows:

Funeral services of Robert Orr were conducted Sunday afternoon near Concord, in the presence of many relatives and friends. Rev. Mr. Barr of Springfield officiating. The flowers were beautiful and cared for by a number of ladies. The remains were laid to rest in the Mt. Vernon cemetery and the bearers were James Cooper, Walter Beddingfield, George Schnidker, William Tritch, William Smith and Albert Hayes.

Funeral services of Mrs. J. B. Ollan were held Sunday afternoon in St. Louis and the remains were buried there. Mr. and Mrs. J. F. Ollan and Mr. and Mrs. Samuel Strauss were among those who attended the services from this city.

Mrs. Ollan's death was due to a stroke of apoplexy and her sudden passing away came as a great shock to her family and friends. She was a woman of beautiful character and held in high regard by all who knew her.

Funeral services of Sylvester McCool were conducted Monday afternoon at 2:30 o'clock from the family residence on Mathers street, in charge of Rev. Clyde Darsie, pastor of the Central Christian church. There were many friends present to pay a last tribute of respect to the dead. The minister read the 23rd Psalm, 14th Chap. St. John and Revelations 21st Chap. He spoke of the uncertainties of life and how near death was to every one. He said that almost everything in the world was by chance, conditions over which we had no control. He emphasized the fact, however, that men and women could have control over their characters and lives and make them useful and beautiful. He referred to the untimely death which overtook Mr. McCool and how important it was that everyone should be prepared to meet their God. The minister spoke words of comfort to the stricken family.

BANQUET FOR CAPT. KENNIEBREW.

The officers, non-commissioned officers and men of Co. L, 8th regiment, gave a banquet in Co. L armory Monday night in honor of Capt. A. H. Kennebrew, who retires from the command of the company. Among the speakers were Capt. C. H. Freeman, who assumes command and who enlisted under Capt. Kennebrew six years ago as a private; Lieut. Bundy, Sergts. Cooper, Wright, Rany and Johnson. They were all free in their praise of the work done and the standard the company now has in the national guards, through the efforts of the retiring captain. A four course menu was served and the affair was greatly enjoyed.

FINE BUNCH OF HOGS.

J. H. Stewart, who resides two miles west of the city, sold the Jacksonville Packing company a fine car load of hogs Monday, which averaged 325 pounds. They were one year old and Mr. Stewart believes they are as superior load of hogs as was ever raised in old Morgan county.

IN JUSTICE COURT.

Henry Jenkins, who was arrested Saturday on the charge of stealing brass, had a preliminary hearing Monday morning before Squire W. T. Dyer and was bound over to the county court. In default of \$500 bond, he was committed to the county jail.

John Doyle who was arrested Saturday on the charge of selling liquor in anti-saloon territory, gave bond Monday for his appearance at the next term of the county court.

 gentleman for years has made a
 specialty of cement work, walks,
 building blocks, well curbs, chimney
 tops, well and cistern tops and the
 like and now he has added some
 beautiful articles in the way of
 ornamental flower vases and boxes,
 handsome articles and filling a long
 felt want. He does all kinds of con

 Wabash, who was in the city. Jen
 kins has frequently been taken up
 on charges of stealing brass and in
 1901. Mr. Sullivan arrested him in
 Decatur and was instrumental in
 having him sent to Joliet, where he
 served a sentence. Jenkins' real
 name, it is said, is Frank Dickinson
 and he gives Henry C. Miller and
 Henry Jenkins as aliases. He is said
 to be from a prominent family in
 Racine, Wis., and is a man of good
 personal appearance.

MRS. GEORGE
 CARROLL

Well Known Resident of County
 Passes Away at Home of Son Near
 Sinclair—Was Born in Maryland.

Mrs. Caroline Harris, wife of Dr.
 George F. Harris, one of the oldest
 and most highly respected citizens
 of Morgan county, died at 7:25
 o'clock Monday evening at the home
 of her son, Harry H. Harris, near
 Sinclair. For many years she has
 been in poor health, but only for the
 past few months has her condition
 been considered serious.

The maiden name of Mrs. Harris
 was Hardy and she was born in
 Charles County, Maryland, April 27,
 1833. On Oct. 19, 1847, she was
 united in marriage with Dr. George
 F. Harris, who is now in his 89th
 year, being perhaps the oldest physi
 cian in Morgan county. Twenty
 years later Dr. and Mrs. Harris moved
 to Missouri and then in 1874 to
 this state, where they have since re
 sided. For twenty-seven years or
 more they have made their home in
 the Lynville neighborhood, but of

CITY COUNCIL HELD
REGULAR SESSION

Reports Were Approved by Commissioners—Letter From Dr. Bartow Suggests Plan for River Water—Gas Franchise Is Discussed.

The first meeting of the city council for the month of April was held Monday morning. The discussion of various business matters took so long that another session was held Monday afternoon. At the afternoon session the proposed gas ordinance, prepared by City Attorney Hairgrove was read and discussed.

The minutes of the last meeting were read and approved and approved bills were ordered paid when money is available. The reports of officers were received and approved and are summarized below.

A communication was read from officials of the Illinois Mayors' association stating that the next annual meeting will be held in Evanston May 28 and 29 and suggesting that the mayor of Jacksonville be requested by the council to attend. The communication was received and placed on file. At the convention among the themes to be discussed will be the following: Care of Epileptics; Control of Public Utilities; Control of Vice; Purity of Water Supplies; Municipal Markets and Legislative Needs.

An invitation was also received from the Peoria association of Commerce asking the mayor and councilmen to attend the Mississippi and Illinois river valley water drainage conference. This was received and placed on file.

Mr. Engle mentioned that he included in the payroll one member of the fire department who had been sick in bed for three weeks, but that he had thought this was fair to the man. There was some discussion of the matter and the pay roll was approved, although the councilmen made it clear that they were not setting any precedent and that any case of the kind in the future must be acted upon independently.

The following communication from Dr. Bartow of the state water survey was received and placed on file. Mr. Hairgrove said that when Dr. Bartow was here recently that he had a brief conversation with him and that the letter probably resulted:

Urbana, Ill., March 20, 1912.
Mr. William N. Hairgrove,
Mr. Thomas Worthington,
Jacksonville, Ill.

Gentlemen: After thinking over the water situation at Jacksonville I would like to ask if it would not be possible to reach some temporary agreement by which the city of Jacksonville may be given a supply of pure water at a very early date. The state water survey will be glad to assist in any way possible.

From what I have observed and have been told concerning the situation I have reached the following conclusions:

First. The water from the present source of supply is unsafe for use for drinking purposes and frequently is unsatisfactory for use for bathing. Jacksonville is widely known throughout the state for its poor water.

Second. The attempt to obtain water from wells along the Maudslayi creek has shown them to be inadequate.

Third. The wells in the Illinois river bottoms furnish an abundant supply of pure water and the Jacksonville Water company claims it could very quickly arrange to pump the water into the city mains.

The Jacksonville Water company should be willing to furnish the water at the earliest possible moment with the understanding that the difficulties between the company and the city be left to arbitration or crushed out in the courts.

There are two questions of consideration: (1) The question of the physical condition of the plant and the amount of water which can be furnished should it be decided by a board of engineers, possibly one representing the water company, one representing the city and a third to be chosen by the two first mentioned. (2) The question of franchise rights should be adjusted by arbitration or by the courts, which ever may be the most satisfactory method.

I sincerely hope that an agreement may be reached at once so that the health of the people of Jacksonville may be safeguarded as far as it can be done by having a pure water, and so that the reputation of Jacksonville may no longer suffer because of having one of the poorest water supplies in the state.

Should a more detailed examination of the situation by the state water survey be desired we would be very glad to make such examination and report our findings. Awaiting your pleasure, I am,

Very truly yours,
Edward Bartow,
Director.

Mr. Hairgrove said that as a matter of information he thought the city should, when practicable, have an analysis made of the water from the Oakes wells from which the Jacksonville Water company pumps. Mr. Brown said it was not feasible to have an analysis made now as on account of rains the water would be just like rain-water and some criticism would no doubt result. The former analysis was made when water was low and conditions should be the same for a second analysis if any real idea is to be gained whether the same as was true.

Williamson's, Snierly & Taylor's and Pacific Express store rooms. He asked if there was not some way of getting this paved. The talk then drifted to the condition of other alleys which need cleaning and paving.

Commissioners Brown and Knollenberg made a report against allowing a sidewalk rebate claim made by Dr. E. F. Baker. The walk in question is in front of his building occupied by Martin Bros. and the commissioners were of the opinion that the walk is used all the time by the tenants of the building for storage and display of goods. The report was approved, Mayor Davis and Commissioner Engel voting no.

City Attorney Hairgrove stated that he was arranging to proceed with the condemnation proceedings for the opening of Mathers street and that suit would be brought at the April term of the county court. The proceedings like all other matters of condemnation, will be somewhat expensive.

Miss Weiler, city matron, reported that two boys arrested for stealing had been sent to the state school for boys. A young girl placed in a home was found to be overworked and a new home was found for her. Application was made in the juvenile court for the guardianship of a defendant girl. A good home is waiting for her. A delinquent boy was reported and application was made for his appearance in the juvenile court. One little girl of 6 was reported as not properly cared for by her mother.

Afternoon Session.
The afternoon session was two hours in length and the time was spent in reading and considering the proposed gas franchise. The ordinance prepared is somewhat lengthy and makes provisions in all details for the testing of gas.

Mr. Hairgrove has fixed the price of gas in this ordinance at \$1, although the company has not signified a willingness to accept a franchise with that rate in it. Mr. Hairgrove said that over in Springfield, where a franchise is pending that the company had expressed a willingness to fix the price at 80 cents per thousand and he therefore argued that \$1 was not too low for this city. The city attorney thinks that gas making is a very profitable business and that in some cases the companies make 100 per cent profit.

It developed in the course of the conversation that the Jacksonville Gas company is bonded for about \$436,000. Mr. Newman said that he saw no use in providing for \$1 gas if the company said positively that they would not accept. The ordinance as drawn provides detailed methods for testing the quality of gas and the correctness of meters and by the terms of the franchise the company would be required to provide gas of a certain pressure or the bills could not be collected at the full rate.

It is argued by Mr. Hairgrove that all these things, including the price of gas can be included in the franchise or that a simple franchise providing for a means of fixing the present value of the plant so that for future calculations that in reckoning up how much money the company has spent for improvements that there shall be some basis for beginning. These and other matters were discussed by Mayor Davis, Commissioners Brown, Engel, Knollenberg and Newman, all taking part. The company will be called on to appear before the council at an early date.

A JEWISH FEAST.

Pesach, the annual feast of the Passover, or of unleavened bread, the oldest feast on the Jewish calendar, will be celebrated this week, beginning at sundown on Monday.

Passover services will be held in both the local Jewish temples on Monday night and continuing through the week. At the synagogue of the congregation Agudath Achim, corner of Sixth Avenue and Monson street, Rabbi Jacob Klein officiating, the Monday evening service will begin at 6:30 o'clock and there will be another service Tuesday morning beginning at 8:30 o'clock and a third service on Wednesday morning at the same hour. Subject of sermon, "Israel's Redemption From Egypt." The sermon will be preached in German.

The feast of the Passover is the feast of freedom and commemorates the emancipation of Israel from Egyptian bondage and his entrance into the dignity and destiny of national life. It thus marks the birth of the Hebrew people and the first commonwealth when two million people walked forth without a drop of blood having been spilled or a sword unsheathed. The main characteristic of its celebration has always been domestic. In the homes the families and invited friends gather on the first and second evenings to recount in song and story and amid appropriate symbolism the deliverance of Israel. During the entire week matzos, or unleavened bread, is eaten recalling not only the hasty preparation with which they hurried out of Egypt, but also their absolute reliance upon God and readiness to trust in His leadership of them.

This feast has not lost its thrilling significance to the modern Jew. To those still pining in slavery in Russia and Roumania it still sings the song of ultimate redemption, while to those living under the blessed flag of freedom it teaches the ceaseless lesson of gratitude, together with an appreciation of the higher civic duties and responsibilities of constitutional liberty.—Peoria Star.

CAUSES MUCH DISEASE.

Advice About Stomach Troubles and How to Relieve Them.

Do not neglect indigestion which may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all the ills of the human body have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be among the most dependable remedies known for the relief of indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is very prompt. Their use with persistency and regularity for a short time tends to bring about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets help to insure healthy appetite, to aid digestion, and thus promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1. Remember, you can obtain them only at our store—The Rexall Store, Lee P. Alcott, east side square.

NOT GUILTY.

A good story is told on a bluff old saint, a pioneer Methodist preacher whose son is one of the great lights of the Illinois conference and is talked of for high honors.

In the early days members of the church were watched much closer than at present. This preacher had a member who was irregular in attending church and also wasn't slow to express his opinion of the preacher whom he didn't like, though he had no good reasons. He was brought before the quarterly conference "marked" by the preacher who made the charges of dissension and neglecting attendance on the means of grace.

Being called on by the presiding elder for his defense he said he perhaps did dissent some but protested his innocence of the other charge, saying he found no means of grace in his minister's preaching.

IMPORTANT FEAST.

April 1 and 2 are the beginning of the Jewish "Pesach," when the children of Abraham are supposed to eat only unleavened bread.

In the 13th chapter of Exodus are these words:

"And Moses said unto the people, remember this day when ye came out from Egypt, from the house of bondage; for by strength of hand the Lord brought you out of this land. There shall no leavened bread be eaten."

"And it shall be when the Lord shall bring thee into the land of the Canaanites and the Hittites and the Amorites and the Hivites and the Jebusites which he sware unto thy fathers to give them, a land flowing with milk and honey that thou shalt keep this service in this month."

"Seven days shalt thou eat unleavened bread and in the seventh day shall be a feast to the Lord." The 17th and 18th are the anniversary of Rosh Hadesch Byar.

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pain temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more and more vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism is never cured until the blood is purified. S.S.S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving them out from the system. It strengthens and invigorates the blood, so that instead of a sour, weak stream, depositing acid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S.S.S. contains no poison, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued. Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." It is non-secret, non-alcoholic and has a record of forty years of success. Ask Your Neighbors. They probably know of some of its many cures. If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper cover. IN MEMORIAM.
At the March meeting of the Household Science Club of Jacksonville, the sad announcement was made of the death of Miss Sarah Allan. Miss Allan was one of the early members and during the long years of her membership, the club was enriched by her thoughtful suggestion and well written papers. The sweetness of her Christian character is one of the treasures we have laid away in memory's store house and now that she has fallen asleep in her Alabama home and is buried among the flowers she loved, we the members of the club "in want of anything tangible send thither on the wings of the wind a 'memory wreath,' made of our united love to rest on her grave and in testimony of our high regard for Mrs. Allan we desire to place on our records this written tribute and to send a copy to the nieces of the deceased in and to our daily papers, and another copy to the nieces of the deceased in Alabama. By order of Mrs. Rawlings, president of the club and signed by Sue F. Ellis.

MISS MERCY'S SUIT.
Arguments of Attorneys in Case May Begin Wednesday.
Chicago, April 1.—The end of the suit of Miss Esther Mercy, formerly a student, against Miss Marion Talbot, dean of women at the University of Chicago, for \$100,000 damages for alleged slander, is in sight. Testimony in behalf of Miss Talbot closed today and the rebuttal testimony for the complainant began. It is believed that the first arguments to the jury will be made Wednesday. There will be no session tomorrow account of an election.
Harry Pratt Judson, president of the university, and Dr. Emil G. Hirsch, an honorary professor at the school and head of Sinai Temple, were the principal witnesses for the defense today. President Judson testified that Miss Mercy was dismissed from the university because she was untruthful. Dr. Hirsch denied that a prejudice against Jews existed in the institution.
Character witnesses were called in rebuttal.

ORDER FROM JAIL.
Chicago, April 1.—Send fifty light steel saws, two dozen files and a dozen hammers to J. L. Bird, 440 Dearborn avenue, C. O. D.
This was the message John Hanson, a hardware dealer, received over a telephone today. He hurriedly lent to the address. When the boy returned he carried the order and wore a broad smile. The county jail is located at 440 Dearborn avenue.

FIVE NAMES ON BALLOT.
Trenton, N. J., April 1.—Five names of candidates for president of the United States will appear on the official primary ballot of New Jersey to be voted for on May 14.
Petitions for President Taft and Congressman Champ Clark were filed today. The others are Theodore Roosevelt, Governor Woodrow Wilson and Robert M. La Follette. No petitions for either Governor Harmon or Congressman Underwood were filed.

GOES SOUTH FOR HEALTH.
New York, April 1.—Major General Grant, commander of the department of the east, has left his post at Governor's Island and gone south to recover his health. The report that the general is seriously ill is pronounced a "sensational fabrication."
TONS OF POTATOES.
New York, April 1.—Six thousand tons of potatoes, the largest shipment received in New York, arrived from London today. Roughly there are enough of them to supply 24,000,000 meals for an adult. As potatoes were quoted here today at \$3.25 per bag of 168 pounds, the shipment is valued at more than \$230,000. The government collected \$50,000 in duties.

Easter Egg Party.
One clever hostess gave an egg party to a friend who was to be married after Easter. The entertainment taking the form of a novel shower. A large basket on the table, says the Housekeeper, was filled with egg shaped packages on which was a placard, "Spring is just Fresh." Then followed some clever tableaux of the old woman who went to market her eggs for to sell, falling asleep on the king's highway. The peddler "stout" comes in, steals her basket and runs and presents it to the bride to be (who is in the audience). The awakening of the old woman, her woe over the discovery of the loss of her basket and of her petticoats cut all round about and the entrance of the family dog, which began to bark while she began to cry, were all strictly in accordance with the well known nursery rhyme.
After the bride had examined her eggs and the parcels containing her gifts all went to luncheon, where the Easter motif was observed throughout. A basket of fancy eggs formed the centerpiece. Oval shaped frames of stiff white paper were slashed to represent a broken egg, and the face of the hostess peeped out of the novel souvenir at each place, while violet tinted, egg shaped baskets served for luncheon dishes.
The menu was chiefly in gold and white, while artificial violets added a dainty touch to many of the dishes.

What We Should Learn.
Learn to laugh. A good laugh is better than medicine.
Learn how to tell a story. A well told story is as welcome as a sunbeam in a sickroom.
Learn to keep your troubles to yourself. The world is too busy to care for your sorrows.
Learn to see the bright side of things. If you cannot see good in the world keep the bad to yourself.
Learn to hide your pains and aches under a pleasant smile. No one cares to hear them.
Learn to meet your friends with a smile. The good humored man or woman is always welcome, but the hypochondriac is not wanted anywhere.
Learn to be comfortable. Under no condition wear shoes too small. Worse than spoiling your feet, they are ruining your nerves. Never wear a collar that chokes nor an umbrella that is too tight.

SUIT WITH OUTAWAY COAT.
The slashed tunic, opening over a skirt of contrasting material, is a feature of the spring fashions, and some of the French couturiers have specially favored this effect. The new suit, pictured is of dark blue serge, and the tunic opens over a petticoat of satin in the same shade.
The coat combines a straight and cutaway suggestion, the fronts being slashed away, while the lines at the side and back are slender and straight. This blue serge suit has touches of white embroidery and a collar of white velvet lace in combination with narrow satin pipings.

A Brief Session Held Monday Night
School Census Ordered.

The Board of Education met in regular session Monday night with all members present, Mayor George W. Davis presiding. The minutes of the last regular meeting were read and approved. Application for position as teachers were read from I. B. Potter, Miss Nina Richards, W. C. Carpenter and Miss Anna C. Long. The applications were placed on file for farther attention.
The request of Miss Nina Mitchell for leave of absence for the remainder of the school year was granted. All claims properly vouched for were ordered paid.
Member Clampt said County Superintendent of Schools, H. C. Montgomery had called his attention to the fact that the law required a census of the school children each two years and suggested that the matter have attention as one way due this year in order that the proper amount of the state school fund might be received.
There was considerable informal discussion of the subject at the end of which Member Clampt moved each member have the census taken in his own ward.
